Resident Update #19 on the Pandemic

April 2, 2021

Dear Seacliff Manor Resident/Families:

We are now in our 55th week of COVID-19 and a third lockdown measure of Status Grey by the Ontario Government. As per the directive you will be permitted essential services - (medical appointments, groceries etc.)

We will not be allowing the visitation stations or hair salon operation until the lockdown has been lifted, which we anticipate to be 28 days from the lockdown starting on April 3, 2021. As of this morning, Windsor Essex Public Health Unit posted that 81,335 people have been vaccinated, and we still have some work to do going forward with keeping everyone healthy and safe.

Please continue to follow the guidelines of physical distancing, face coverings in public areas, and proper hand hygiene.

Should you have any questions regarding protocol, please feel free to contact a staff member or myself at any time.

I want to wish everyone a very Happy Easter and as always smile. We made it this far and we did it together!

Sincerely,

Kari Sleiman, General Manager
Seacliff Manor Retirement Residence
